

ADDITION STRATEGIES TASK CARDS

SHELLEY
GRAY

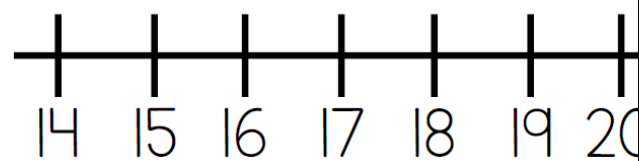

MAKING 20

Solve the problem.

Noah needs 20 points to win first place. He has 12 points. How many more points does he need to win first place?

Making 20 Task Cards: Card #1

Use the number line to solve $15+5$.

Making 20 Task Cards: Card #2

Fill in the missing numbers

$$13 + \underline{\quad} = 20$$
$$\underline{\quad} + 6 = 20$$

Making 20 Task Cards: Card #3

Use the ten frames to make 20 in two different ways.

A ten frame grid consisting of two rows of five squares each.

A ten frame grid consisting of two rows of five squares each.

Making 20 Task Cards: Card #4

Are you teaching
addition strategies?

This set of task cards reinforces
the making 20 addition facts
using dot patterns, ten frames,
problem solving, missing numbers,
and more.

Write the equations that
are true.

$$12+8=20$$

$$11+10=20$$

$$10+10=20$$

Fill in the missing
to make 20.

$$\underline{\quad} + \underline{\quad} = 20$$

$$\underline{\quad} + \underline{\quad} = 20$$

Making 20 Task Cards: Card #6

**24
TASK
CARDS**

These task cards will support your teaching of mental math addition strategies for **understanding** and **flexibility**.

Here's what's included:

24 task cards

recording sheets to help students stay organized

answer key for easy self-checking
