

MULTIPLICATION FLASH CARDS

SHELLEY
GRAY

FOR BASIC MULTIPLICATION FACTS

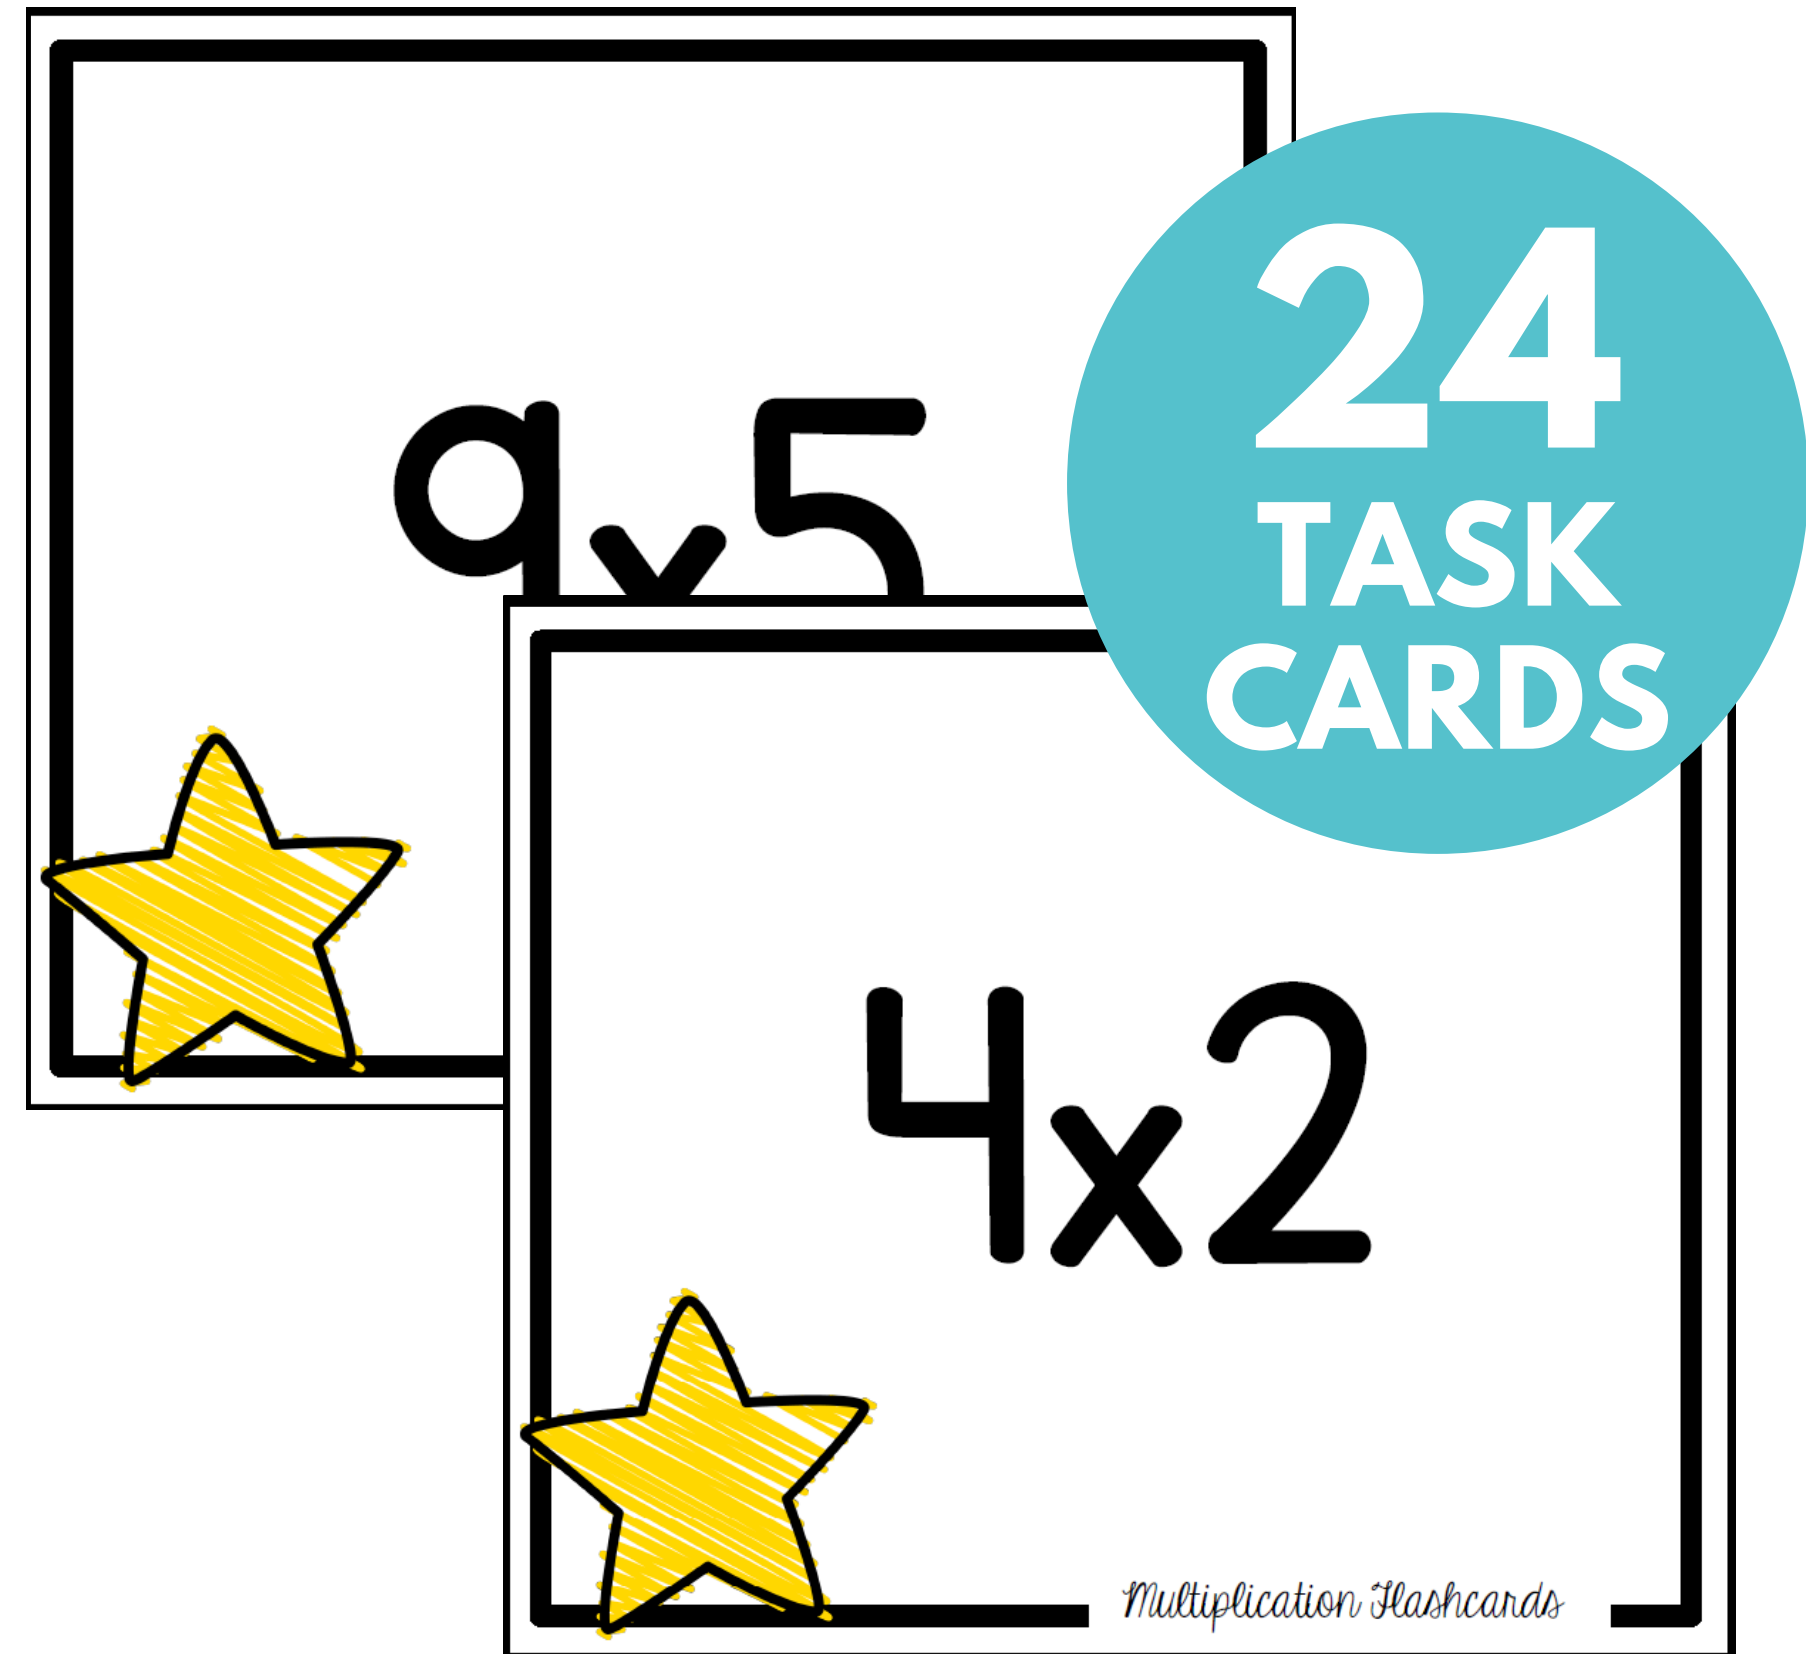

Are you teaching

basic multiplication?

This set of multiplication flash cards can be used in math centers for extra fact practice.

Have students make up story problems, write related division equations, and draw arrays.

These flash cards will support
your teaching of basic
multiplication facts for
understanding and **flexibility**.

Here's what's included:

- ✓ one card for each fact from 0-12
