My strategy is...

I wonder...

I notice...

I disagree because...

Here's what you can expect inside this

special

Earth Day version

of Math Conversations

Earth Day Math Conversations is designed to help your students:

build number sense

become strategic and flexible thinkers

boost math confidence

with a fun Earth Day theme that will keep students engaged all April long!

This resource includes **20 number talks** that reinforce flexible and strategic thinking, connections, and much more.

The main goal is to get you and your students **talking about math** and realizing that math is not all about right answers – it's about **thinking in different ways!**

The slides are completely ready to go - **NO PREP!**

Just choose a slide and discuss as part of your daily math routine or number talk!

Three students were asked to sort 12 bottles for recycling. They all sorted them differently.

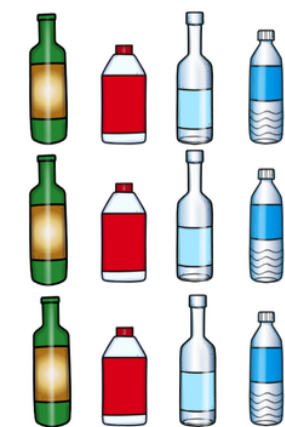

STUDENT A

STUDENT B

STUDENT C

and differences between each student's
u arrange them another way?

FACILITATES
AMAZING
DISCUSSION!

Ready to
**take the
guesswork
out
of planning
your
number
talk routine
this spring?**

This chart shows how many of each type of tree was planted.

Tree	Number Planted
Oak	80
Poplar	74
Maple	67

Create a statement
this chart that uses
"more" or "less"
