

ADDITION STRATEGIES

Task Cards:

PLUS NINE

Sums to 20

Created by Shelley Gray

About this Resource

This resource includes 24 task cards to reinforce the Plus Nine strategy for addition. Students will use these task cards to practice this concept in a variety of different ways, including ten frames, missing addends, number lines, problem-solving, number charts, and more.

Looking for more information on the Plus 9 strategy? Read more and download some free printables here:

Are you looking for even more support with teaching addition strategies in your classroom? The Addition Station will transform your teaching, allowing your students to master addition facts and strategies at their own pace. Find the Addition Station here:
