

ADDITION STRATEGIES

Task Cards:

DOUBLES

Created by Shelley Gray

About this Resource

This resource includes 24 task cards to reinforce the doubles addition facts. Students will use these task cards to practice the doubles in a variety of different ways, including dot patterns, ten frames, number lines, problem-solving, and more.

Are you looking for even more support with teaching addition strategies in your classroom? The Addition Station will transform your teaching, allowing your students to master addition facts and strategies at their own pace. Find the Addition Station here:
