

ADDITION

WITH SUMS TO 100

Task Cards

About this Resource

This resource includes 24 task cards to reinforce addition with sums to 100. Students will use these task cards to practice this concept in a variety of different ways, including missing addends, number lines, problem-solving, number charts, and more.

Are you looking for even more support with teaching addition strategies in your classroom? The Addition Station will transform your teaching, allowing your students to master addition facts and strategies at their own pace. Find the Addition Station here:
