IDEAS FOR USE

This birthday display will add a touch of classroom community to your space, while helping to keep track of your students' special days!

Pieces can be mounted above a whiteboard or in other smaller areas, without taking up valuable bulletin board space.

Idea: Mount pieces on colored paper to add a pop of color!

Idea: Consider laminating pieces before use. Then use with a dry erase marker year after year!

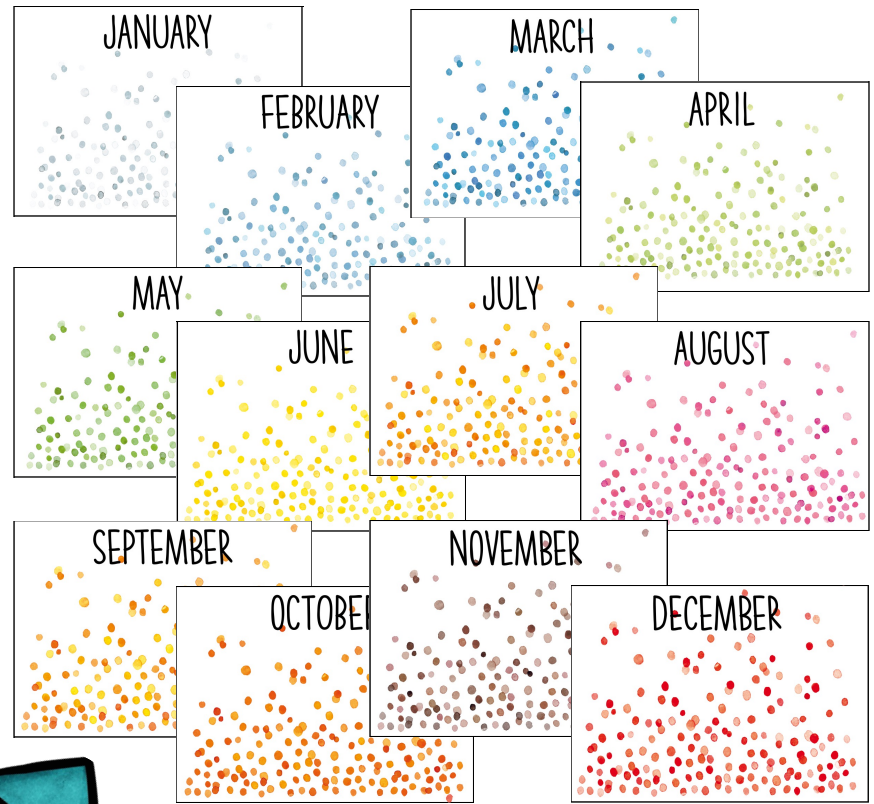

YOU'LL GET...

A "Happy Birthday" header.

A colorful piece for each month of the year. Just write your students' birthdays! These will print four to a page.

PLUS these bonus birthday certificates in all twelve colors. Add a lollipop or another special treat and you're ready for your students' special days! These print two to a page.
