MATH CONVERSATIONS

SHELLEY GRAY

100
NUMBER
TALKS

My strategy is...

I wonder...

I notice...

I disagree because...

This block contains four speech bubbles for student responses. The first is a large speech bubble with the text "My strategy is...". The second is a thought bubble with "I wonder...". The third is a rectangular box with "I notice...". The fourth is a speech bubble with "I disagree because...".

Here's what you can expect inside this
special
holiday version
of Math Conversations

Christmas Math Conversations is designed to help your students:

build number sense

become strategic and flexible thinkers

boost math confidence

with a fun Christmas theme that will keep students engaged all December long!

NO-PREP!

This resource includes **100 number talks (20 for each grade level from 1-5)** that reinforce flexible and strategic thinking, connections, and much more. The main goal is to get you and your students talking about math and realizing that math is not all about right answers – it's about **thinking in different ways!**

The slides are completely ready to go - **NO PREP!**

Just choose a slide and discuss as part of your daily math routine or number talk this December!

Santa Claus is playing a number game. When someone calls out a number, he changes it. Can you figure out the rule he is following? What is a fourth number he could change?

5 → 15

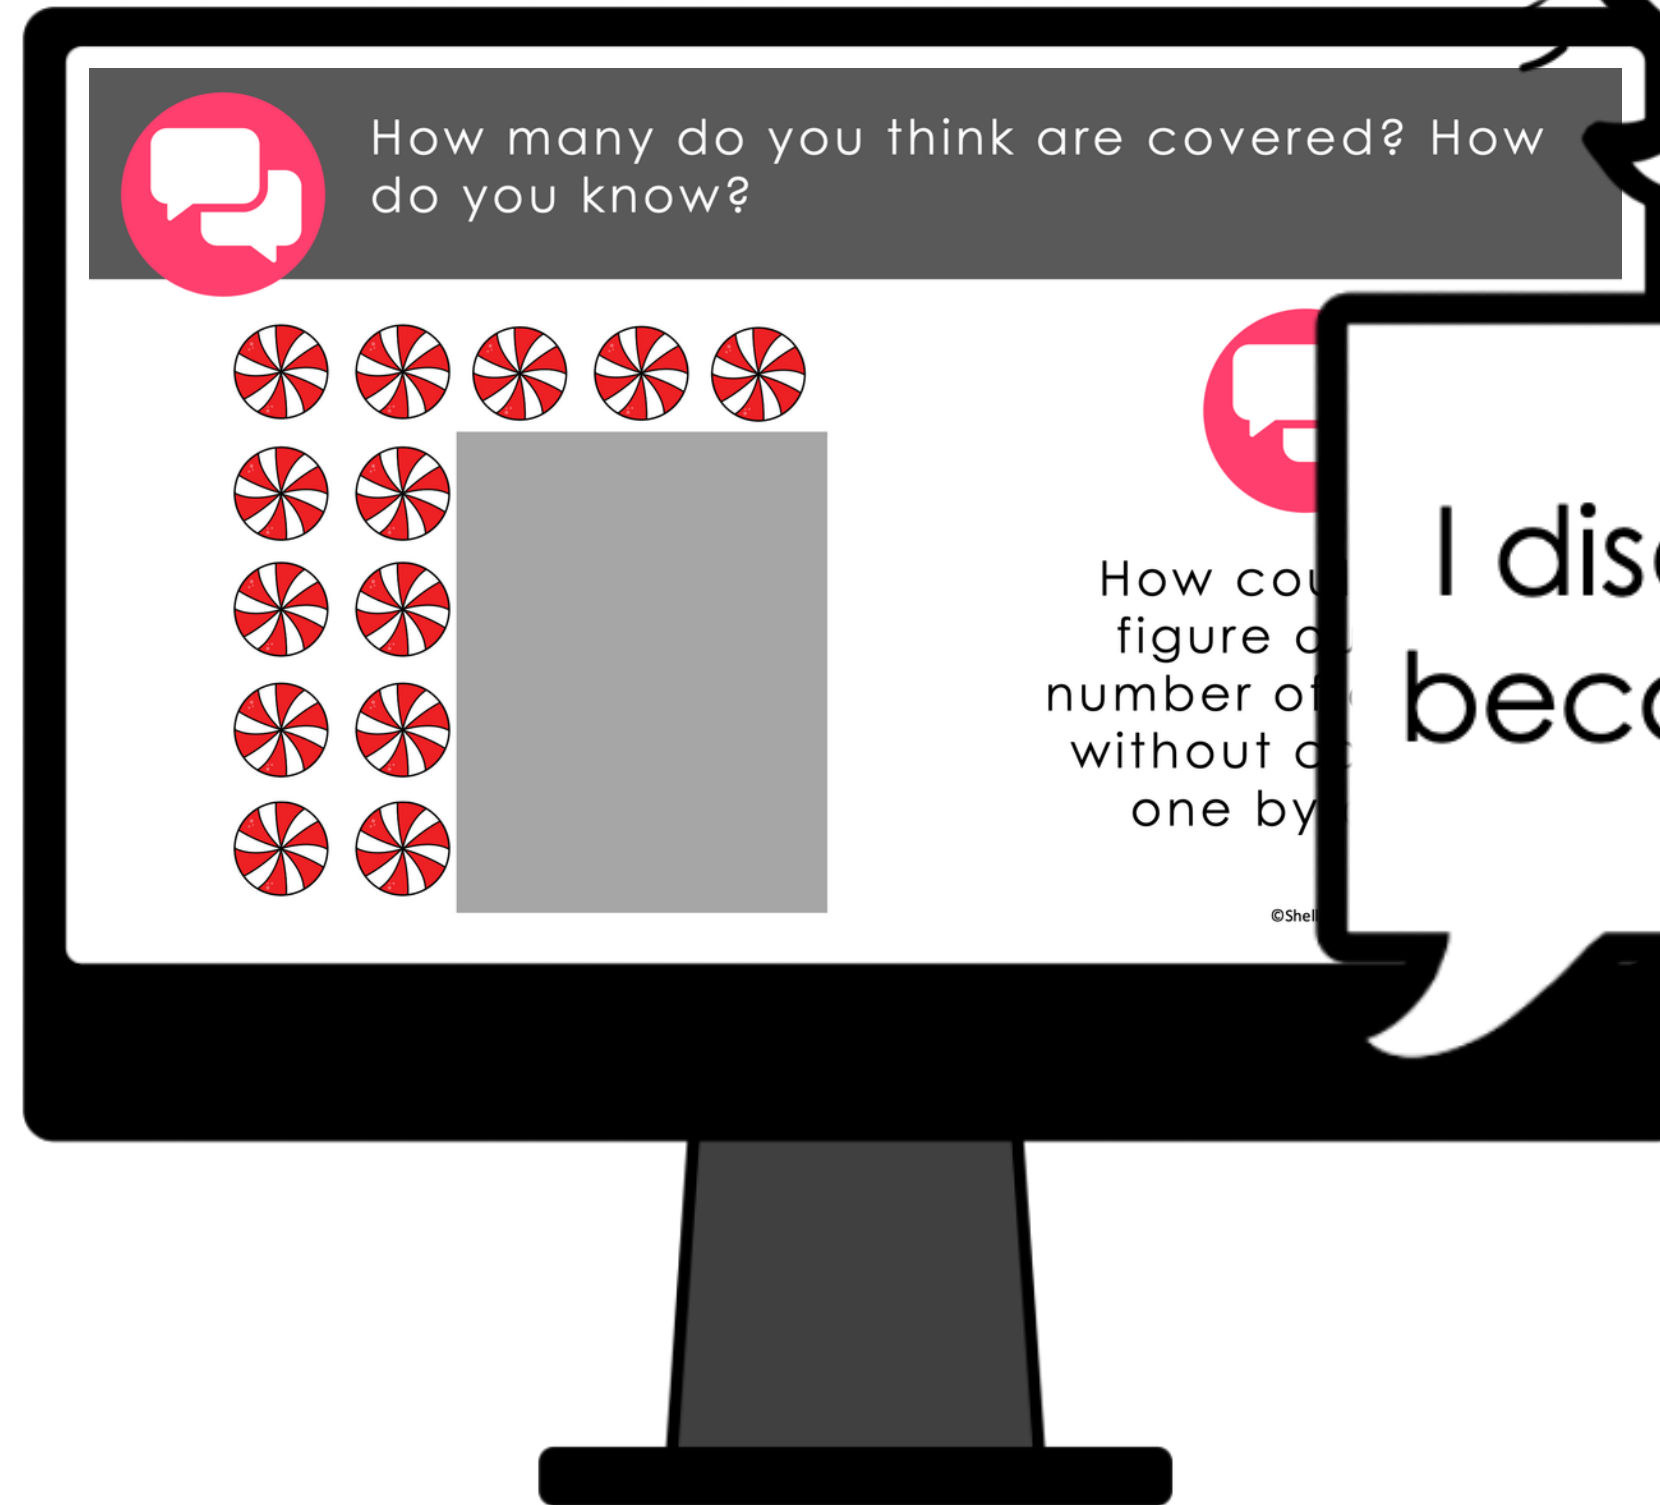

→ 21

→ 27

FACILITATES
AMAZING
DISCUSSION!
