TASK
CARDS

Ready to add some

low-prep

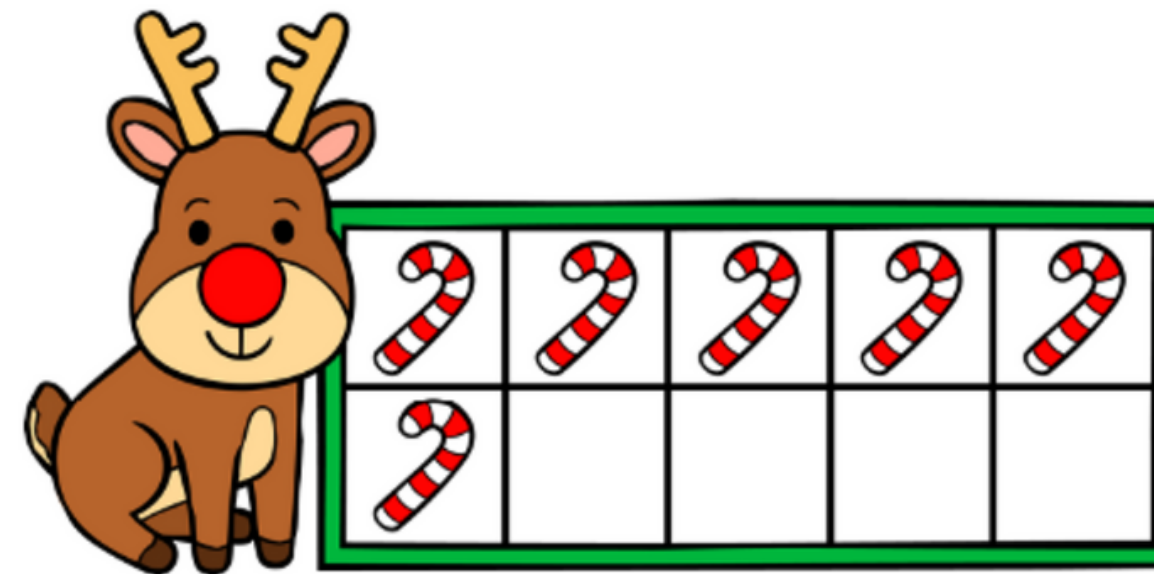

activities to your math centers
this December?

Simply laminate the task cards
and make copies of the
recording sheets for your
students!

POWERFUL
VISUALS!

How many if...

ONE

$$6 \times 5 = 30$$

This set includes
24 task cards

to practice working with basic multiplication facts.

Ten frames are a powerful way to visualize multiplication and will help students understand it as equal groups.

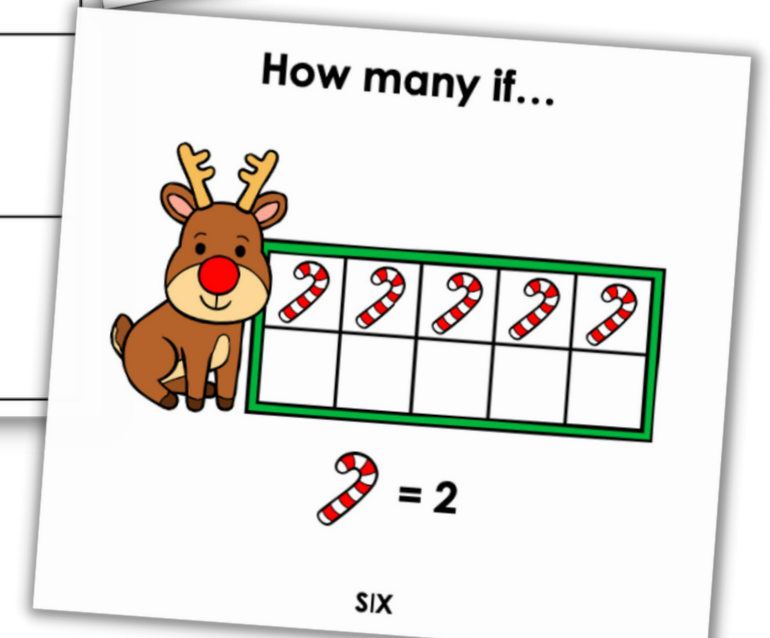

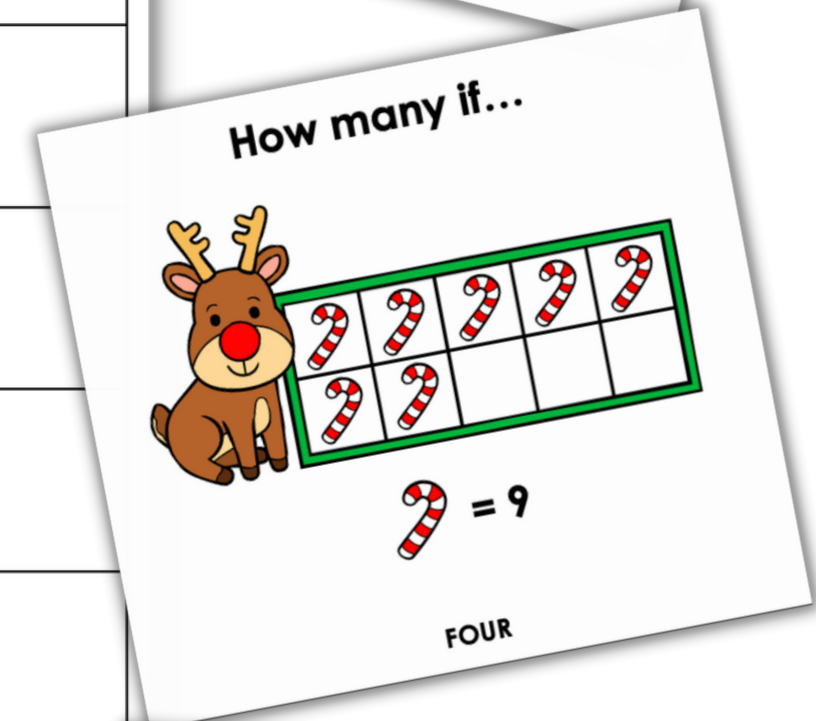

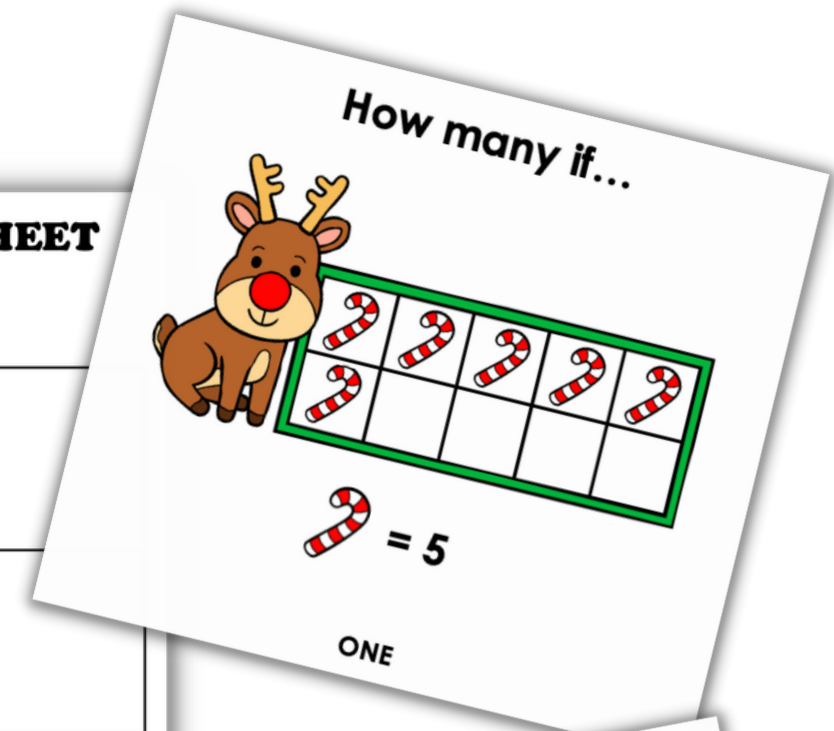

A recording sheet is included to help students stay organized.
