

Best suited to 2nd Grade

PLACE VALUE Task Cards: EXPANDED FORM

Numbers to 1000

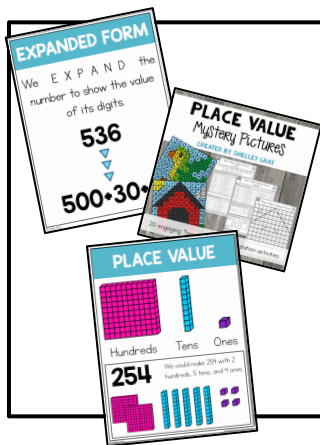

Created by Shelley Gray

About this Resource

This resource includes 24 task cards to reinforce expanded form. This skill will be reinforced in a variety of ways, such as expanding a number, looking at expanded form and identifying the number, and writing expanded form from a base 10 representation. The 24 task cards use numbers to 1000.

If your curriculum expects students to work with numbers to 1200, I have included 6 bonus task cards that you can use. You'll find them near the end of this file.

Ready to REALLY tackle place value this year? See all place value resources here:
