Introducing...

The Interactive Homework Notebook

{Grade Three/Four Combo Pack}

Are you looking for a way to:

- reinforce reading, writing and math at home?
- provide some variety and predictability to your students' homework routine?
- support parents with tips and ideas for helping their child?

The Interactive Homework Notebook will do all of this and more!

I personally believe that kids should not have a lot of homework, especially in the younger grades. However, children DO need lots of home practice with **reading, writing and math**. I have always found that many parents simply don't know how or what to reinforce at home, and we as teachers are often quick to say, "Read for 15 minutes and practice your math facts," when assigning homework. When parents are provided with **support**, they will begin to feel more comfortable helping their children read, write and do math. That's where this resource comes in! The **Interactive Homework Notebook** is a notebook that children will create at home, with the assistance of their parents (the level of assistance needed will vary based on age and skill level). The activities are all hands-on and can be completed in about 10-15 minutes. Each activity will provide parents with **specific learning goals, instructions, and ideas** for how they can help and support their child. Because parents and children can work together on these activities, parents will become involved in their child's learning and gain a better understanding of how to provide assistance and support, and how to **extend** the learning past the assignment.

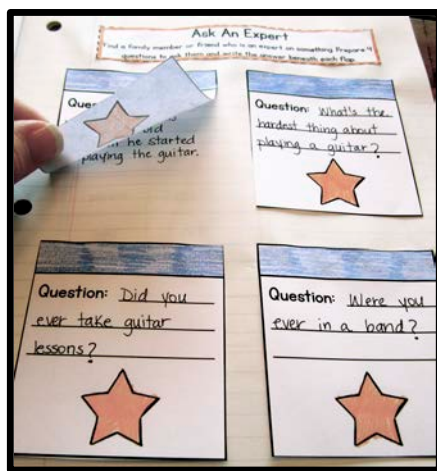

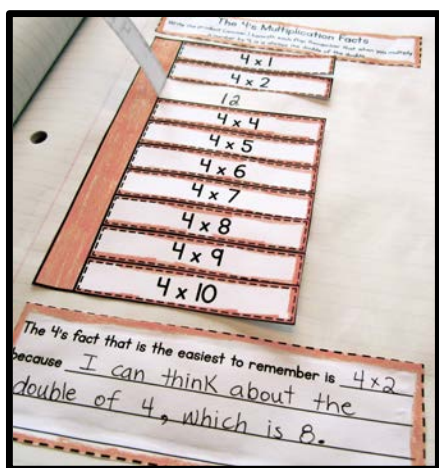

This resource includes all the printables you need to get started with Interactive Homework Notebooks :

- Detailed teacher implementation instructions
- Parent letters, FAQ pages, and instructions
- More than 200 engaging, interactive templates
- Learning goals, instructions and ideas for parental support on EVERY homework template

Additionally, any of the 200+ templates can be used by classroom teachers as supplements to any interactive notebook!

The Grade 3 Homework Notebook includes more than 100 exciting, interactive, curriculum-related homework activities...

At the beach you might see...

At the beach you might hear...

If I went to the beach I would...

Choose a topic that you are interested in. Write 3 facts and 3 opinions about it.

Facts and Opinions

Three Facts About frags

A fact is something that is always true.

Three Opinions About frags

An opinion is something that you think. It is not always true.

Expanded Form

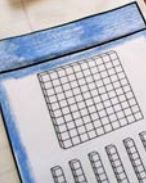

Write each number in expanded form.

$3008 = 3000 + 0 + 0 + 8$	$8725 = 8000 + 700 + 20 + 5$
$1629 = 1000 + 600 + 20 + 9$	$4590 = 4000 + 500 + 90 + 0$
$6462 = 6000 + 400 + 60 + 2$	$5376 = 5000 + 300 + 70 + 6$
$2242 = 2000 + 200 + 40 + 2$	$9048 = 9000 + 0 + 40 + 8$

Write the Number

one-thousand, two-hundred, thirty-five

$3000 + 200 + 40 + 5$

Write the Number Word

Write the number word for:

5264

Eight-hundred, six-hundred, thirty-two

8652

409

Write the number word for:

4827

514

Write the number word for:

985

Complete the Addition Tasks

Write an addition equation using these numbers: 200, 450, 250

Add these two numbers and write the sum (answer): 134 and 243

Write your own definition for 'addition'

Write 2 examples of where you might use addition in real life.

Write 3 addition equations that equal 1000.

Write 1 addition equation with a sum (answer) less than 1000, and write 1 addition equation with a sum that is greater than 1000.

Money Math

How much does this cost?

$\$3.25 + \$3.25 = \$6.50$

How much does this cost?

Shade the Fraction

Shade $\frac{1}{2}$

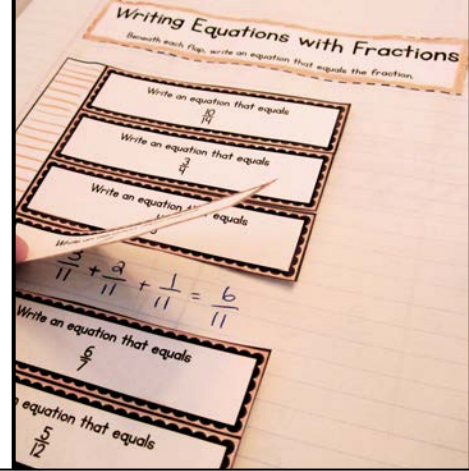

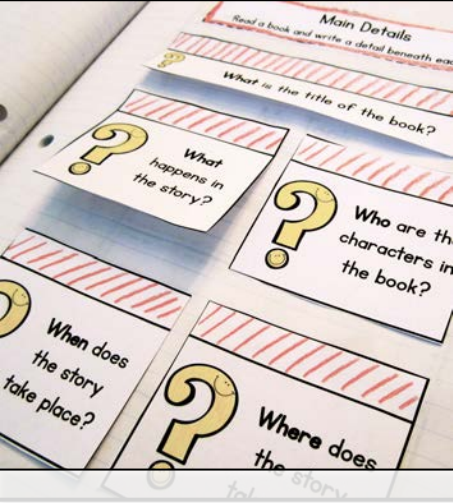

Shade $\frac{1}{4}$

Shade $\frac{3}{4}$

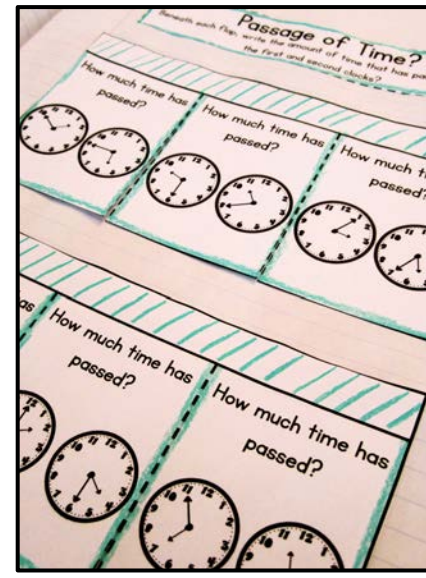

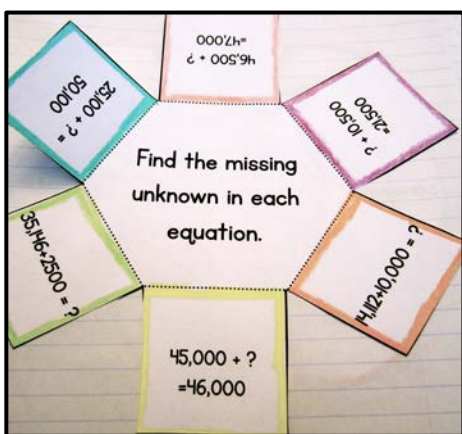

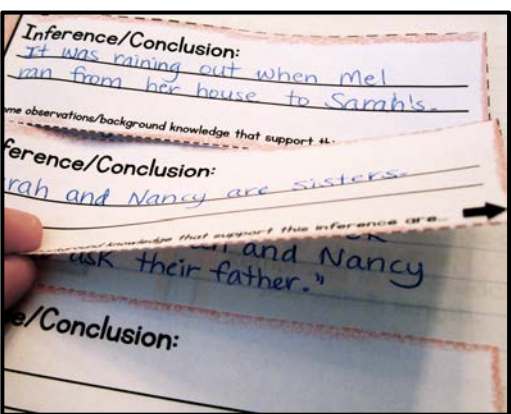

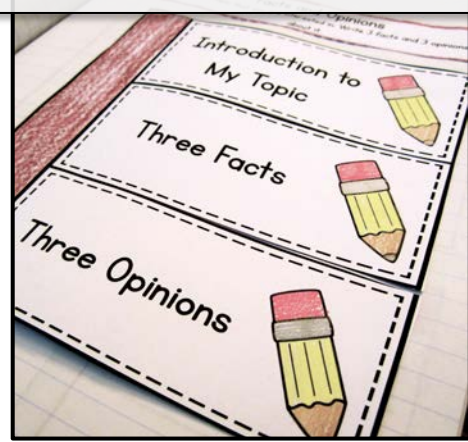

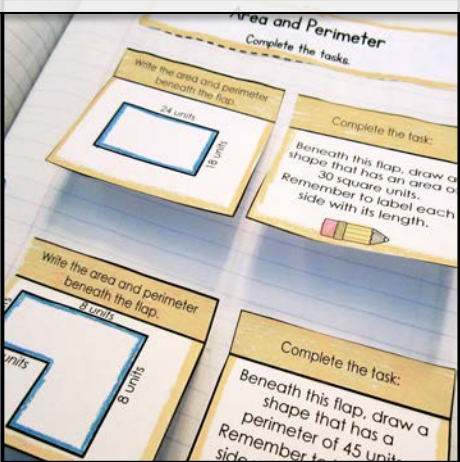

Shade $\frac{1}{3}$

Shade $\frac{2}{3}$

Shade $\frac{4}{10}$

...and the Grade 4 Homework Notebook includes more than 120 exciting, interactive, curriculum-related homework activities!

In my opinion...

Reason # 1

Reason # 2

Reason # 3

Reason # 4

In conclusion...

Solve the Problem

Find the total amount of money:

- 42 - \$100 bills
- 10 - \$50 bills
- 2 - \$10 bills
- 20 - \$5 bills

Show your thinking:

$$\begin{aligned} \$100 \times 42 &= \$4200 \\ \$50 \times 10 &= \$500 \\ \$10 \times 2 &= \$20 \\ \$5 \times 20 &= \$100 \\ \hline & \$4820 \end{aligned}$$

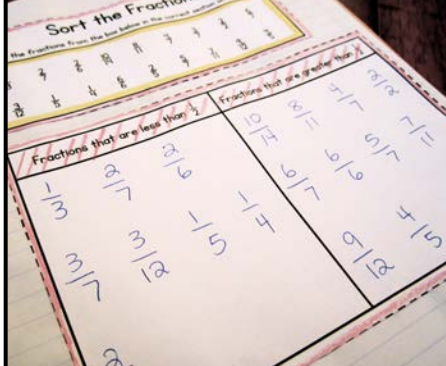

Write an answer sentence: There is a total of \$4820.00.

Sort the Fractions

Sort the fractions from the top left to the bottom right.

Fractions that are greater than 1/2

Fractions that are less than 1/2

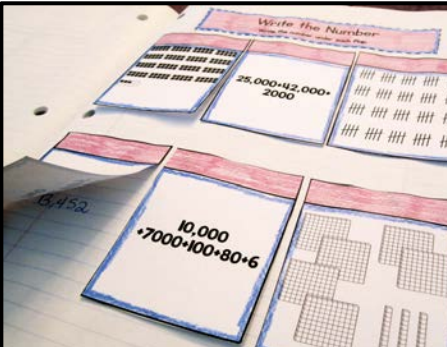

5		outside	
4		leaf	station
3	creek	knock	soft
2	began	neck	straight
1	enough	Words beginning with I-P	Words beginning with O-Z
	Words beginning with A-H		

with the most words is Words beginning with I-P

Write the Number

25,000 + 42,000 + 2,000

10,000 + 7,000 + 100 + 80 + 6

All About Me!

In each circle, tell a bit about yourself.

- I like to read because it is my favorite hobby.
- I like to travel because I like seeing new places.
- I love to dance because it makes me happy.
- I always play video games because it is my favorite hobby.

Ask An Expert

Question: When did you know that you wanted to be a carpenter?

Question: Why do you like your job? What is the best part?

Question: What is the most difficult project you've ever done?

Which Number Is...

1000 more than 36,246? <u>37,246</u>	1000 less than 45,900? <u>44,900</u>	10,000 more than 24,875? <u>34,875</u>
10,000 less than 70,003? <u>60,003</u>	500 more than 13,268? <u>13,768</u>	500 less than 1293? <u>793</u>
500 more than 14,500? <u>16,000</u>	1500 less than 85,690? <u>84,190</u>	100 more than 86,070? <u>86,170</u>
75 less than 450? <u>375</u>	99 more than 301? <u>400</u>	99 less than 400? <u>301</u>

Finding Missing Unknowns (Multiplication)

Find the missing number in each equation.

248 = 12 × 20

7 × 1463 = 10,241

6 × 2830 = 16,980

11 × 672 = 7,392

7 × 428 = 2,996

107 = 10 × 10.7

And much more!
